KCA Activities

1.2016~2017 Korea Environmental Awards

KCA contributed to the establishment of a national resource circulation society through recycling of waste materials in the cement industry. In recognition of this achievement, we are awarded with the grand prize in the category of "Resource Circulation" for "2017 Korea Environment Award". Through this conferment, KCA was awarded for two consecutive years since 2016.

2. ECO-EXPO KOREA 2017 & RE-TECH 2017

KCA participated in ECO-EXPO KOREA 2017 and RE-TECH 2017 to promote the results of recycling resources in the cement industry. Korea Cement Association installed "Resource Circulation Center" booth and played the circulation of resource recycling video of the cement industry and distributed the leaflets to the visitors

3. The 54th Anniversary Ceremony & The 44th Cement Symposium

KCA held the 55th anniversary of the establishment and the 45th Cement Symposium. The cement symposium announces research results in various fields such as cement production technology, quality improvement and energy saving. The event takes place annually to enhance the competitiveness of cement industry by sharing advanced technology.

4. The 5th Resource Circulation Promotion Forum

KCA and the Wonju Regional Environment Office jointly held The 5th Cement Industry “Resource Circulation Promotion Forum”. Some cases of cooperation between the cement manufacturers and local governments and waste recycling in advanced countries were presented and the promotion of recycling of waste materials in the industry was discussed at the Forum this year.
